UNLOCK YOUR FUTURE IN INVESTMENT OPERATIONS

Elevate your career with our full CISI accredited qualification, the Investment Operations Certificate (IOC), which has been designed to provide comprehensive knowledge in investment operations. This qualification combines three of our CISI accredited programmes to ensure you develop the essential skills needed for success in the financial services industry.

**To achieve the IOC, you are required to
complete the following mandatory programme:**

- International Introduction to Securities and Investment

**You are then required to select any two of the
following specialised technical units:**

- Asset Servicing
- Client Money and Assets
- Collective Investment Schemes Administration
- Derivatives Level 3
- Operational Risk
- Risk in Financial Services
- Technology in Investment Management

Gain in-depth expertise and a globally recognised certification that sets you apart in the competitive world of investment operations. Start your journey with us today!

KEY FEATURES

- Understand the key terminology and issues.
- Enhance your employability by demonstrating your competence.
- Written by experts for financial services practitioners.
- Covers all the fundamental information required by professionals.
- Global perspective and overview of an essential subject.
- To be taken anytime and anywhere on any device.

THE TESTING PROCESS

Each unit of the Investment Operations Certificate is completed by passing a one-hour exam featuring 50 multiple choice questions. Exams can be taken remotely.
