INTRODUCTION

The purpose of this qualification is to prepare a student to operate as an Organisational Risk Manager. The responsibilities of this job function include planning, organising, directing and controlling activities relating to risk management in order to guide the organisation in achieving its objectives. Students will feel empowered to anticipate challenges and safeguard success once they have mastered the outcomes of this world-class programme.

OVERVIEW OF THE HIGH-LEVEL PROGRAMME

Module 1: Introduction to Risk Management Principles and Theory

Module 2: Governance, Ethics and Legislative Frameworks

Module 3: Business Integration and Strategic Risk Management

Module 4: The Practical Implementation of Risk Management

Module 5: Risk Management Implementation

Module 6: Review, Evaluate and Improve Risk Management

OUTCOMES

1. Analyse, interpret, and apply the skills development legislation, strategy and policies to ensure organisational learning and development compliance.
2. Develop the proficiency to institutionalise and facilitate the embedding principles of risk management.
3. Acquire the competencies required to design and implement risk management framework, strategy and protocol.
4. Monitor and evaluate the effectiveness and efficiency of the risk management framework and embedded practices.

WORKPLACE REQUIREMENTS

Students must be actively involved in organisational risk management (preferably in the risk management department). Prescribed workplace evidence must be collected and endorsed by the student's mentor/supervisor in the workplace and submitted to NVO for final assessment.

EXTERNAL INTEGRATED SUMMATIVE ASSESSMENT (EISA)

EISA (External Integrated Summative Assessment) exam to be booked directly with INSETA once NVO programme is completed. Exam fee payable directly to INSETA (exam fees to be found on INSETA website). The Novia One mock examination will be venue based to simulate exam conditions as applied by the EISA exam.

Students will receive a certificate of competence against the qualification directly from QCTO after successfully passing the EISA
